2.68. This was the last race and best of the day.

The Matron stakes, for three year olds, in the trotting division, was somewhat of a disappointment. But four liorses appeared, and one, Graham Bellint, was distanced in the first heat. Baldy McGresor, a Madden entry, took the race in straight heats, while Adlon was last. Adlon, which won thee 2.215 trot at Cleveland on July 30, made a miserable showing, breaking badly in both heats, losing distance that he was unable to regain.

Queen Worthy, driven by McDonald in the second preliminary of the 2.15 trot professional drivers' stake, won easily, getting away in the lead and holding it all the way in both heats, although Ruth McGregor was off her flank and shoulder to the finish. The 2.22 trot went into five heats and was the most warmly contested race of the day, although devoid of any startling time or work. With seven entries to start, three were ruled out by the judges after the third heat because they had no apparent show to run in the money. These were Marion K., Bingarion and Mesdow-dale. Eve Cord, which won the 2.20 that in Cleveland July 30, and was driven by Geers, was the favorite, but and money was all she could show. Arona McKinney after running a close second to Newzell took the second hat, Eve Cord the third and Arona McKinney the final two heats. The time is all five heats was fast for this class.

TESTIMONIAL

"I had been a great sufferer for years, before learning of Viburn-O-Gin. I had misplacement, fainting spells, constant headache, and other female troubles, which made me feel very weak. I tried different doctors, but none gave me relief, so I took Viburn-O-Gin and it relieved me so much that I want you to spread the news of what it has done for me. It certainly will do as much for other sick women."
